

SUMMER BUSINESS PROJECT Submission Form

You Need Help | Students Need Experience

In lieu of many summer internships being canceled, workforce disruptions, and students who are home with time on their hands, now may be the perfect opportunity for your business to get a project done that has been on the back burner while giving our future workforce the experience they can use to build their resumes.

Please complete this form and we will post opportunities to the PACE Alliance website at www.pella.org and to Central College's Handshake platform. Project opportunities will be marketed through channels on PACE's social media, through Central College's channels and through our high schools.

Organization

NAME & WEBSITE URL:

Contact

INFORMATION: *Company contact who will work with student: name, title, e-mail, phone, mailing address*

Project

TITLE/TYPE: *marketing, data analysis, web design, SEO, research, social media, inventory, video production, customer survey, presnetation, etc.*

Project

DESCRIPTION: *Describe your project with clear objectives*

Company

EXPECTATIONS: *Spell out your expectations as much as you are able. This includes information about the following:*

In person/remote • **Timeframe:** *hours/work week/ completed by DATE, etc.* • **Desired experience or skills:** *For example, would the project require an upper class college student with experience in data analysis, or is the project something a motivated 11th grader can complete with appropriate direction?* • **What the student can hope to gain from the experience:** *Identifying some of the skills and experience a student can gain in the description is an effective recruitment tool. Consider exposure/experience to your industry or profession, how the project could potentially add to a portfolio, or experience/strengthening of career competencies such as: critical thinking/problem solving, oral/written communications, teamwork/collaboration, digital technology, leadership, professionalism, relationship building, global/intercultural fluency.*
